Subject: Donation Request

Gayla -

The Cave-Eastern Fire Protection District (CEFPD) has requested the donation of a 2008 Ford Crown Victoria fleet car from our Agency. We have placed the unit out of service due to high maintenance costs and have deemed the vehicle as a surplus item. Per County Policy, with Board approval, the vehicle would be donated and transferred to the Fire District for their use as a response unit. Fire Chief Trevor Cardwell has advised me they have the expertise to repair the vehicle and use it for their purposes. I would like to recommend to the County Board donation of the vehicle to the CEFPD.

Respectfully,

Ryan M. Buckingham, IPEM, EMT-P
Director of Emergency Management
