

AGREEMENT No. 2015-05

Memorandum of Agreement between Franklin County Animal Control and the City of Zeigler, Illinois.

Both the Franklin County Animal Control agency and the City of Zeigler agree that it is in each party's best interest to have a clearly stated agreement regarding the fees and disposition of animals that come to Franklin County Animal Control from within the corporate limits of the City of Zeigler.

Therefore, both parties agree that the City of Zeigler will be charged a flat \$100.00 monthly fee for any and all animals that arrive at the Franklin County Animal Control Facility from the City of Zeigler Corporate Limits during any calendar month. This fee will cover the housing and, if necessary, disposition of any and all animals brought from the City of Zeigler.

If in any month, no animals are brought to the Franklin County Animal Control facility from the City of Zeigler, the city will not be billed for services by Franklin County Animal Control for that month.

Further, both Franklin County Animal Control and the City of Zeigler animal control representatives agree to work cooperatively in situations where some degree of mutual aid is required, especially regarding animal control situations that are of a serious or threatening nature.

This agreement may be terminated by either the City Zeigler or the Franklin County Animal Control by notifying the other party sixty (60) days prior to termination.

IN TESTIMONY WHEREOF, I have hereunto set my hand and seal this 17TH day of February, 2015.

COUNTY CLERK

RESOLUTION NO. 2015-09

WHEREAS, the County of Franklin has undertaken a program to collect delinquent taxes and to perfect titles to real property in cases where the taxes on the same have not been paid pursuant to 35 ILCS 200 / 21-90; and

WHEREAS, pursuant to this program the County of Franklin, as trustee for the taxing districts involved, has acquired an interest in the real estate described on the attachment to this resolution; and

WHEREAS, it appears to the Franklin County Board that it would be to the best interest of the taxing districts of Franklin County to dispose of this interest in said property.

THEREFORE, the Franklin County Board recommends the adoption of the following resolution:

BE IT RESOLVED BY THE COUNTY BOARD OF FRANKLIN COUNTY, ILLINOIS, that the Chairman of the Board of Franklin County, Illinois, is hereby authorized to execute a deed of conveyance of the County's interest or authorize the cancellation of the appropriate certificate of purchase, as the case may be on the following described real estate for the sums shown on the attachment and to be disbursed as shown and according to law.

Adopted by roll call vote on the 17th day of February, 2015

RESOLUTION

No. 2015-11

WHEREAS, The County of Franklin, as Trustee for the Taxing Districts, has undertaken a program to collect delinquent taxes and to perfect titles to real property in cases in which the taxes on such real property have not been paid, pursuant to 35ILCS 200/21-90, and

WHEREAS, Pursuant to this program, the County of Franklin, as Trustee for the Taxing Districts, has acquired an interest in the following described real estate:

TYRONE TOWNSHIP

PERMANENT PARCEL NUMBER: 06-25-258-006

As described in certificate(s) : 20110107 sold November 2011

and it appearing to the Delinquent Tax Committee that it would be to the best interest of the County to dispose of its interest in said property.

WHEREAS, Gabriel M Allgryer, has bid \$656.00 for the County's interest, such bid having been presented to the Delinquent Tax Committee at the same time it having been determined by the Delinquent Tax Committee and the Agent for the County, that the County shall receive from such bid \$250.00 as a return for its certificate(s) of purchase. The County Clerk shall receive \$0.00 for cancellation of Certificate(s) and to reimburse the revolving account the charges advanced from this account, the auctioneer shall receive \$0.00 for his services and the Recorder of Deeds shall receive \$56.00 for recording. The remainder is the amount due the Agent under his contract for services. The total paid by purchaser is \$656.00.

THEREFORE, your Delinquent Tax Committee recommends the adoption of the following resolution:

BE IT RESOLVED BY THE COUNTY BOARD OF FRANKLIN COUNTY, ILLINOIS, that the Chairman of the Board of Franklin County, Illinois, be authorized to execute a deed of conveyance of the County's interest or authorize the cancellation of the appropriate Certificate(s) of Purchase, as the case may be, on the above described real estate for the sum of \$250.00 to be paid to the Treasurer of Franklin County Illinois, to be disbursed according to law. This resolution to be effective for sixty (60) days from this date and any transaction between the above parties not occurring within this period shall be null and void.

AGREEMENT No. 2015-04

Franklin County, Illinois
Professional Orthophoto Services

CONTRACT

 **The Sidwell Company**
2570 Foxfield Road, Suite 300
St. Charles, Illinois 60174
630-549-1000 | www.sidwellco.com

 **Sidwell**

Franklin County, Illinois:

1. Preamble

THIS AGREEMENT entered into between THE SIDWELL COMPANY, St. Charles, Illinois, hereinafter called "Sidwell," party of the first part, and FRANKLIN COUNTY, a government entity in the State of Illinois, hereinafter called "the County," party of the second part, WITNESSETH:

THAT WHEREAS, Sidwell is in the business of providing Geographic Information Services, Photogrammetric Services and other Professional Services for various governmental agencies in the United States; and

WHEREAS, the County is desirous of having Sidwell provide Geographic Information Services, Photogrammetric Services or other Professional Services.

NOW, THEREFORE, in consideration of the mutual agreements hereinafter made, the recitals of fact hereinabove set forth, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties agree as follows;

Sidwell will perform the services described in the scope of work that follows.

2. Scope of Work

2.1 Overview

The following paragraphs outline Sidwell's scope of work for professional services for Franklin County, Illinois. Sidwell will provide:

- New 2015 Digital Capture True Color Aerial Photography
- New Countywide 1 Foot Resolution Digital Orthophotography

2.2 Project Area

The project includes the entire extent of Franklin County, Illinois. The coverage will extend a minimum of 400 feet beyond the County boundaries.

2.3 Aerial Photography

2.3.1 Aerial Photography Environmental Conditions

All aerial photography will be obtained during the spring of 2015, when the sky is sufficiently clear, deciduous foliage is dormant, and when the ground is not obscured by snow, haze, smoke, dust, cloud shadows or other ground cover. The lighting conditions will be such that the sun is more than 30 degrees above the horizon. Aerial photography that does not meet defined specifications will be corrected at no additional fee.

2.3.2 Aircraft and Crew

The new aerial photography will be captured as direct digital imagery and processed to provide the county with the final orthophoto products. The aircraft will be operated and maintained in accordance with the regulations of the Federal Aviation Administration and Civil Aeronautics Board.

2.3.3 Airborne Global Positioning System (AGPS)

The aircraft will be equipped with an L1/L2 dual frequency GPS antenna, AGPS receiver, IMU and flight management system.

2.3.4 Aerial Camera

A large format, direct digital, precision mapping camera system, or equivalent, will be used for this project and will be equipped with low distortion, high-resolution lenses and forward motion compensation (FMC) designed for vertical aerial photography.

2.3.5 Flight Plan

Digital Capture aerial photography will be secured at an altitude which will support generation of countywide 1 Foot (12") ground pixel resolution orthophotography. The raw imagery will be collected as true color (RGB) digital photography.

Flight plans for the photography will be digitally prepared for importation into the computer controlled navigation system onboard the aircraft. For each flight line,

Franklin County, Illinois:

photographic coverage will extend approximately two exposures beyond the defined coverage area at both ends of the flight line.

Photography will be obtained such that consecutive photos in each flight line shall have an average overlap of 60 percent to ensure stereoscopic coverage and exposure selectivity for final digital orthophoto processing. Photography will be obtained such that adjacent flight lines shall have an average sidelap of 30 percent. Tip, tilt and crab of the camera at the instant of exposure will not exceed three degrees.

All aerial imagery acquired will be post-processed immediately following completion of the photographic mission. The imagery will be visually inspected immediately thereafter to ensure the resultant photography adheres to all specifications identified above. Any rejected images or flight lines will be rescheduled for acquisition on the next photographically suitable day.

2.4 Control Plan

In addition to the Airborne Global Positioning System (AGPS) values collected for each photographic image, Sidwell will use a combination of targeted points and photo-identifiable survey points will be used as part of the project control.

The project will reference the Illinois State Plane Coordinate System, East Zone, NAD 83. The vertical will reference NAVD 88. All values will be expressed in US Survey Feet. A report will be provided detailing the project control.

2.5 Digital Analytical Aerial Triangulation

Digital analytical aerial triangulation will be performed using ImageStation Match-AT software for point marking, mensuration, and simultaneous block adjustment. Tie points will be used to join adjacent photographs in the same flight line and adjacent flight lines. The photo image tie points will be measured automatically in the digital environment and processed using software. The data will be organized for adjustment processing in strips, sub-blocks, and then blocks. Upon completion of aerial triangulation, a report will be prepared summarizing the process and results.

2.6 Digital Orthophotography

Digital orthophotos will be produced for the entire county at 1 Foot (12") ground pixel resolution from the new digital aerial photography.

2.6.1 DEM Surface Data

Sidwell will use the existing surface data and update, only as needed, so that the digital orthophotography will meet or exceed the horizontal accuracies. For areas requiring updates, the points will be measured by technicians on digital workstations using ImageStation Stereo Display and ImageStation Feature Collection software. Data will be

Franklin County, Illinois:

collected with a density sufficient to meet the accuracy of digital orthophoto production and in accordance with the best standards of professional mapping practice.

2.6.2 Image Rectification

The digital orthophoto process is one that corrects the image for horizontal displacement due to relief and camera tilt. Digital differential rectification will be performed using OrthoMaster by INPHO. The raw images will be loaded and individually reviewed. Interior orientation will be performed using data from the camera calibration report.

2.6.3 Image Radiometry

The specific range of colors selected for the digital orthophotos will display the most pleasing photo image. Special attention will be paid to the light and dark areas to ensure that valuable image detail is not lost in shadows or areas of high reflection. Imagery will have consistent tone and contrast within each tile and across tiles.

2.6.4 Final Imagery

The imagery will be delivered as countywide 1 Foot (12") ground pixel resolution digital orthophoto imagery in the county's tile scheme and naming convention. Digital orthophoto images will be delivered uncompressed in TIFF file format with TFW world files. Imagery will be compressed and delivered as an ECW file covering the entire county. Image tiles will be transferred to an external hard drive for delivery to the county.

2.6.5 Quality Control

Project accuracy will be checked as each task is completed to assure that the end result will meet or exceed the project Accuracy Standards.

2.6.6 2015 Orthophotography Schedule

The orthophoto production will be completed no later than six months following completion of the aerial photography.

2.8 Orthophoto Deliverables

Sidwell will deliver the following items to Franklin County:

- Countywide Digital Orthophoto Imagery at 1 Foot (12") Ground Pixel Resolution in TIF/TFW Format
- Compressed Countywide Color Image in ECW format
- Ground Control and Analytical Aerial Triangulation Report
- FGDC Meta Data

Franklin County, Illinois:

3. Project Fee

Our fee for the work and services as outlined above will be as follows:

3.1 Base Project

Professional Orthophoto Services	FEE
2015 Digital Orthophotography	\$ 30,900.00
- <i>New 2015 natural color digital aerial image acquisition</i>	
- <i>1 foot resolution digital orthophotography</i>	
TOTAL	\$ 30,900.00

4. Additional Provisions

4.1 Commencement of Work

IT IS AGREED by and between the parties that Sidwell agrees to commence the work under this Contract Agreement upon its execution by the County and approval of the funding. Sidwell will continue diligently thereafter until all work, services and materials as covered under this contract are completed.

4.2 Penalty

IT IS FURTHER AGREED by and between the parties that should the delivery of the orthophotography exceed six (6) months from the completion of the capture of the aerial photography, the County may deduct \$250 from the contract balance due, for each business day the orthophotography is late. This penalty applies only to Base Project and does not include any selected option.

4.3 Compensation

IT IS FURTHER AGREED by and between the parties that the County pay Sidwell a total fee of thirty thousand, nine hundred, and no/100 dollars (\$30,900.00) as compensation for the work, services and materials as described and provided for under this Contract Agreement.

4.4 Invoicing Schedule

IT IS FURTHER AGREED by and between the parties that Sidwell will submit monthly invoices for the percentage of work completed.

4.5 Payments

IT IS FURTHER AGREED by and between the parties that the County will pay Sidwell for the full amount of a submitted invoice within thirty (30) days of receipt of invoice.

Franklin County, Illinois:

5. Authorization

Randall Crocker
Chairman
Franklin County Board

Mr. Crocker,

Please allow me to give an updated report to you concerning the Franklin County Senior Services Meal Program currently being conducted at Franklin Hospital.

Since its inception in October 2013, the meal program has served 9600 meals, currently averaging around 538 meals per month. We can provide these meal numbers, broken down into monthly meal counts, in a spreadsheet if you wish.

We run a four week rotational cycle menu with many diverse entrée options that have a traditional popularity. These menu offerings seem to be well received by most patrons and we are pleased to help the seniors of Franklin County.

We are currently charging \$ 3.00 per meal. Most patrons choose to dine in, but there are options available for takeout meals as well.

The service times are Monday through Friday with the hours set at 11:00 am to 1:00 pm.

We are also appreciative of the support of the County Board helping with the expenses of such a service. Together we have helped many people who might have otherwise done without.

Please feel free to come to Franklin Hospital's cafeteria during these hours of service and see the program in operation. If I can be of any further assistance, please feel free to contact me at 618-439-3161 x326.

Thank You,

Bryan McGill
